

Walker Area Foundation Grant Committee

Procedures for WAF grants:

- All requests for funding should be referred to the grant committee
- All funding requests will require a grant application
- Based on the grant request, the grant committee will determine if a short form or long form application should be completed
- Grant committee will provide applicant with the appropriate application and follow up on status
- Completed applications will be scanned and e-mailed to ALL board members for review and comment
- All input on grant applications should be e-mailed to the grant committee within 7 days of receiving application
- Grant committee will then meet to review the merits of the grant request and consider board input
- Grant committee will make a recommendation to the board based on availability of funds and merits of the grant based on WAF's mission and objectives
- Board will vote on grant committees recommendation

Grant committee may contact WAF's donor advised fund holders to see if they are interested in funding the grant request.

At unspecified times, the grant committee may make a request of the board to advertise for grant applications for a specific purpose and for a specific amount of funds.
