The WAF is a tremendous community asset with great potential. We thank all of you who have placed your trust and charitable assets with the WAF. We invite everyone to learn more about the WAF and how it can help achieve your charitable and estate planning goals through giving back to the community.

2003-2011 YTD INCOME & DISBURSEMENTS

Gift income since 2003 has been accomplished without conducting any major fundraising campaigns or events. Our success has been in large measure due to the exceptional generosity of a

few individuals, including several past and present WAF board members, and Arvig Communications Systems. We are deeply grateful for their faithful support. The WAF has been able to make some modest contributions to the community in the form of grants and scholarships since 2003. These disbursements are listed. As we began our fundraising in earnest in 2011, it was with the hope that WAF can increase the number and size of its contributions to the community in the years to come.
