

WHA Baseball and Softball Fields Supported by WAF

A celebration was held to recognize the purchase by the Walker Area Foundation of the new scoreboards for both ball fields, and the new batting cages that were built by area businesses, the Friends of Baseball and Softball and the 21st Century grant. BMI in Hackensack

and Walker Rental gave material and volunteered time while WHA Building and Grounds Supervisor Tad Gravett and his crew put up the frames and nets.

Members of the Walker Area Foundation (WAF), WHA Administration and School Board, and baseball team pose in front of the new scoreboard donated by the WAF.
